SUMMARY

Experienced in front-end development with 3 years of hands-on expertise. I am adept at building front-end web applications from concept to deployment, with strong problem-solving skills, a collaborative mindset, and a passion for staying updated with the latest technologies. These skills enable efficient troubleshooting and continuous improvement. I aim to secure a challenging career opportunity where I can apply my skills to contribute to the company's success. I aspire to leverage my expertise to meaningfully contribute to the organization's growth.

EDUCATION

- Vaagdevi Engineering College** Warangal, Telangana
Bachelor of Technology - Computer Science Engineering; GPA: 7.12 July 2016 - June 2020

SKILLS

- Frontend Technologies:** HTML, CSS, Chakra-UI, Material-UI, Ant Design, TailwindCSS

- Frameworks & Libraries:** React, Redux, Next.js, GraphQL
- Tools & Platforms:** Firebase, Git

PROFESSIONAL EXPERIENCE

- Tekkr Technologies Pvt Ltd** Hyderabad, India
React Developer Sept 2022 - Present

Flypigeon

A B2B and B2C booking platform for flights, buses, and hotels.

- Collaborated with business and UI/UX teams on various application workflows.
- Built complex reusable components such as AutoCompleteInput and Stepper from scratch.
- Optimized performance using windowing, lazy loading, code splitting, and debouncing.
- Integrated with Travel API Providers, GDS, Payment Gateway, SMS, WhatsApp, and Email APIs.

Sendfast

A logistics platform focusing on shipping from online retail companies.

- Created the "Sendfast Delivery Management System," a web-based admin panel optimizing delivery operations.
- Built the dashboard using React, TailwindCSS, and GraphQL for managing delivery executives (DEs), onboarding, attendance tracking, delivery data analysis, and payment management.

Farm29

A grocery web application based on the next-day delivery model.

- Developed key features including cart, monthly packs, subscription services, and coupons.
- Built admin web panels for Superuser, Warehouse Managers, Business Team, and Support.
- Integrated custom payment gateways for seamless transactions.

- Cashapona Technologies Pvt Ltd** Hyderabad, India
React Developer June 2021 - November 2021

SenditCertified

SenditCertified offers a cloud-based service with secure email, document e-signature, and document storage.

- SenditCertified provides a secure means of communication between individuals or businesses, offering enhanced privacy compared to traditional email communications.
- Developed rich and dynamic components using React, Redux, Material-UI, and Formik, following best practices for security and responsiveness.
